Regarding Kimberly Lyall, Motivational Speaker

As the premier event organizer in Southern Alberta, Pink Tie Events is happy to endorse Kimberly Lyall as an exceptional motivational speaker whom we would highly recommend to other event planners.

We hired Kimberly to speak at our Showcase of Women in Business (SWB) Conference that took place on May 4th, 2017, with 145 women in attendance. The SWB Conference is a full day learning & development event, held bi-annually. The SWB Conferences are designed for all women in business - no matter what stage they are at in their career, whether they are self employed or work for a large corporation.

The theme of the Spring Conference was “Be a Better You”, and Kimberly’s presentation was right on point. Her presentation was engaging, heartfelt and extremely well-received. Guests enjoyed the fun interactive activity she had them do right at the beginning, which really set the tone for an engaging presentation. It was obvious that Kimberly understood our audience and tailored her presentation to meet their needs.

Kimberly was very professional and easy to work with. She provided us with everything we needed, including bio/head shot as well as her power point presentation well before the allotted deadline, which was extremely appreciated. She delivered what she promised; a motivational talk which inspired us all to be our best selves. Additionally, we appreciate that even though Kimberly was not scheduled to speak until the afternoon, she attended the entire event and made herself available to attendees and other speakers.

If you are looking to hire a high-impact, professional speaker whom your attendees will talk about long after your event, look no further than Kimberly Lyall.

Sincerely,

Ashley Walker & Whitney Bullock
