To Whom it May Concern,

Please accept this letter of reference on behalf of Kimberly Lyall. Ms. Lyall recently completed the Broadband Master Plan project for the Southgrow Regional Initiative in 2017. Due to the proprietary nature of the project we are not able to release this information to the public. However, as Ms Lyall was the sole contractor involved, I can comment on the quality of work and execution of the contract. The nature of the broadband project was, in many ways, a challenging one. Due to the varying state of development within our 24 member REDA, and with the technical nature of the subject matter, Ms. Lyall provided a very thorough and high-quality end product. She visited each of our members, and in my opinion, conducted herself very professionally, and represented Southgrow very well. The result was a well-craft document for all our members to use at any stage of their broadband journey. We would not have any hesitation in considering Ms. Lyall for a future project.

If you have any questions, feel free to contact me directly.

Sincerely,

Greg Robinson  
Chair, Southgrow Regional Initiative
