

To Whom it may concern,

We were thrilled to have Kimberly Lyall as our Emcee and closing keynote speaker for the 2018 Empower International Conference.

There is so much good to say about Kimberly!

Kimberly is a phenomenal motivational speaker, and her keynote for our conference was outstanding! She masterfully encompassed the themes that had been conveyed during the conference while delivering inspirational stories and insights of her own. She was powerful and moving. Our attendees loved her!

As our Emcee Kimberly was engaging, warm, witty and empathetic. She set the tone beautifully for our conference, helping our attendees to feel comfortable and important at the same time. Her professionalism was evident in how she managed the conference schedule, keeping everything on track without anyone feeling rushed. Kimberly brought a great balance of energy and focus to the room throughout the event, enhancing the various presentations and activities.

I highly recommend Kimberly Lyall as a speaker or emcee to anyone wanting to create a high-impact experience. She is wonderful to work with, and leaves a positive, lasting impression!

Sincerely,

Deb Bateman
